Recent Publications:

- <http://www.monsanto-ag.co.uk/media/1590/roundup-pro-vantage-a4-product-info-guidevs6.pdf> recommending TopFilm™ with new glyphosate products to reduce wash-off; page 17.
- <http://www.conservationevidence.com/actions/1139> recommending TopFilm™ with herbicides for water primrose control

**TopFilm-F™** with herbicide on hard to control weeds  
Submitted by a Midwestern corn farmer

**TopFilm™** - to reduce wash-off of insect and disease control treatments in horticulture  
**Tropical Plant International Expo - 2016**

## Testimonials -

- "Product (TopFilm™) pays for itself." – by major power company at the National APMS Meeting 2015
- "Have used it (TopFilm™) for approximately 5 years; it is one of the better adjuvant that has been developed for our industry (Aquatic Industry) in several years." – by major water control district, 2016.

New **NPDES** requirements are encouraging the use of lower herbicide label rates, along with integrated pest management (IPM) practices. TopFilm™ natural Microsponge™ technology can help by lowering use rates and reducing the number of spray applications.

**Let's help reduce the chemical load in our waterways!**

**TopFilm™ helps Reduce Wash-off and Save Costs**
