

TECHNICAL SHEET DEEP ROOT

CODE: GK/06

Product Description

DEEP ROOT is a natural root enhancing product that promotes rooting and activates growth of the fascicular root system of the lawn at any stage where this process has meaningful importance, such as during germination, transplants, damaged root system regeneration, and winter dormancy release.

It is a non-hormonal new formulation based on the advantageous effects of a specific aminogram, complemented with unique rooting bio-inductors and strengthened with a rich phosphorus formulation.

COMPOSITION

COMPOSITION	CONCENTRATION (% w/w)
Free Amino Acids	55.0
Total Nitrogen (N)	10.5
Organic Nitrogen (N)	9.5
Ammoniacal Nitrogen (N)	1.0
Phosphorus pentoxide (P ₂ O ₅) water-soluble	4.8

Content: Rooting bioinductors

Physicochemical Properties

Appearance: white powder
pH: 7.0-8.0
Specific Gravity: 0.7 - 0.8 g / cc

Directions for use

APPLICATION	RATES AND RECOMMENDATIONS
Soil	0.1-0.2 g/m ² (1-2 kg/ha)

Net Contents

Packages of 1 kg and 5 kg
